# ALASKA CAPTEL NEWSLETTER

SUMMER 2018

## ADDING NEW CONTACTS FOR EASY DIALING

Your CapTel phone lets you save the names and phone numbers of around 100 contacts to make dialing quick and easy. The way you add a new contact depends on which model CapTel phone you have:

**CapTel 2400i**

On the display screen:

- Touch Contacts
- Touch Add New Contact
- Use the on-screen keyboard to type the first name of the person you want to add
- Touch the "Last" field to enter the last name of the person
- Select to specify what kind of phone number (mobile, home, or work)
- Use the on-screen number pad to type the phone number.
- When you are finished, touch save.

**CapTel 840/840i**

**CapTel 880i**

In the Options menu:

- Edit Phone Book, select YES
- Add New Contact, select YES
- Use the dialing pad to enter the letters of the name you want to add.
- For some letters, you may need to press the number key several times until the correct letter appears in the CapTel display screen.
- Use the ☐ for shift and the ▼ for a Backspace.
- Once you have entered the contact name, press the YES button to enter the contact's phone number.
- Use the numbers on the dialing pad to enter the phone number.
- When you are finished, press the YES button to save the new contact information.
