

# Alaska Relay Telecommunications Equipment Distribution Program

Information and Application

## What is the TEDP?

The Telecommunications Equipment Distribution Program (TEDP) provides telecommunication devices for individuals who are deaf, hard-of-hearing, or have a speech impairment. The equipment is free to qualified Alaska residents. It helps consumers connect with anyone, restoring their confidence and independence through advanced technologies.

## Who is eligible for the TEDP?

Only one piece of equipment is allotted per subscriber line. To take advantage of the TEDP, you must:

- be an Alaska resident.
- have a significant hearing loss or speech impairment.
- have a communication disorder which severely interferes with communicating effectively over the telephone, as certified by a physician, audiologist, speech-language pathologist, or Department of Health and Social Services.
- complete an application form and send to the address shown on the last page.

**Failure to complete the application form correctly or completely may cause a delay in getting the equipment. Please print clearly and legibly.**

### Customer Name:

First Name \_\_\_\_\_ Last Name \_\_\_\_\_

Address \_\_\_\_\_

City \_\_\_\_\_ State \_\_\_\_\_ Zip Code \_\_\_\_\_

County \_\_\_\_\_

Date of Birth \_\_\_\_\_ Age \_\_\_\_\_ Male  Female

Phone: Home: \_\_\_\_\_ TTY  Voice  Videophone  Other: \_\_\_\_\_
